

Price Change 2025 Frequently Asked Questions

Why is the price increasing this year?

Rockgas continues to experience increases in the cost of supplying LPG to our customers. This is due to several factors including:

- The impact of exchange rates on purchasing LPG
- Higher shipping and transportation costs to deliver LPG to homes and businesses
- Increasing operational costs

Unfortunately, as supply costs have continued to increase, Rockgas has had to make the difficult decision to adjust the price our customers pay for LPG.

When will the price change take effect?

The new price for gas bottles will take effect on 1st November 2025. It will be applied to any bottles purchased after this date.

What do I do if I cannot afford the increase?

We understand price increases are never appreciated which is why we have tried to absorb these prices within the business as much as possible. The prices are set for your area. However, if you believe you have been sent the incorrect pricing, please call our call centre to check you are on the correct price.

Does Rockgas offer payment plans?

Unfortunately, we do not have the ability to set up a payment plan for you at this stage. However, if you are experiencing financial hardship, please call our team on 0800 762 542 to discuss your payment options.

Do I need to call you to agree or sign another contract?

No there is nothing further you need to do. The price change falls under our current terms and conditions and all other terms and conditions remain the same.

If I haven't agreed to the price increase, can you charge me extra?

Our standard Rockgas terms and conditions allow us to make changes to our fees and charges as long as we provide you with 30 days' notice or have attempted to make contact but were unable to reach you due to incorrect contact information.

I joined Rockgas less than 1 year ago, will I still get a price increase?

Yes, you may receive a price increase. If your price is going to change you will receive notification of this 30 days prior as per our standard Rockgas terms and conditions.

Who can I contact to make a complaint about the price increase?

If you have a complaint, you can raise this with Rockgas in the first instance by emailing customer.complaints@rockgas.co.nz. If after 20 working days, you believe this complaint has not been resolved you may contact Utilities Disputes.

Call: 0800 22 33 40

Email: info@udl.co.nz

Web: www.udl.co.nz

Mail: PO Box 5875, Wellington 6140, Freepost 192682

Utilities Disputes can't investigate complaints regarding the price a utilities provider has set for its product. They may consider a complaint if the provider has not supplied appropriate information and if the price has not been applied correctly.
